COMMERCIAL

Club Starts Off With Over Fifty Active Members.

The Jeffersontown Citizens Are Making Arrangements To Build Up The Town—Various Committees Appointed.

At a recent meeting of the executive board of the Jeffersontown Commercial Club the president, Mr. E. R. Sprowl, appointed chairmen for the various committees, which have been formed and which have been given specific work to do. Rufus Smith was made chairman of the finance committee; W. J. Semolin, committee on entertainment; H. A. Hummel, membership; J. C. Alcock, press; J. H. Mittler, mercantile and manufacturing; Prof. R. H. Snively, town and county development; Rev. H. N. Reubelt, public policy.

Needed improvement and other work has been given to the committees, and it is expected that good results will be noticed before long. Mr. Mittler's committee is working on a proposition that, if it goes through, will mean thousands of dollars to the town. Prof. Snively's committee also has some work in hand that will mean much to the town if it is successfully consummated.

Never before was a commercial club organized under such auspicious circumstances, and if the citizens will give proper support this section of the county is bound to flourish. The people of Jeffersontown and vicinity have certainly awakened from their lethargy, as the club is starting out with over fifty active members.

The by-laws, application and receipt-blanks have been printed, and everybody is working for the club's success. New members are desired, and it is hoped that they will want to see this locality prosper will unite with this worthy organization. The next meeting of the club will be held the first Monday night in December. Everybody is invited to attend.

LAW FOR HUNTING.

Hunters Are Not Permitted By Law To Go Upon Inclosed Lands—Fine of From \$5 to \$100 For Violation.

Now that the hunting season is open we publish the law in reference to hunters, as well as to the rights of land owners.

It is against the law for any hunter to go upon the inclosed lands of any land owner without permission, the penalty being from \$5 to \$25. It is, as a matter of fact, a trespass for anyone to go upon the lands of another, whether inclosed or uninclosed, but this law is never enforced.

It is not necessary to post inclosed lands at all. The fact that they are inclosed makes it a trespass for anyone to go on them without the owner's consent.

The open season lasts from Nov. 15, to Jan. 1.

Any person violating the provisions is liable to a fine of from \$5 to \$100.

NOT CROWDED.

Plenty of Interesting Advertising, With One Whole Page, But All The News Is Printed As Usual.

With the Louisville merchants making a big demand for advertising space this week, taking from a two-inch to a whole page ad, yet all of the most interesting news of the county is printed in this week's issue of The Jeffersonian. It may look crowded, but such is not the case. We have news letters from all the localities, and brief items of interest from all over Jefferson county.

We pride ourselves on having the best county paper in the state—at least that is what our friends say and what the Kentucky Press Association has declared by giving us first prize many other competitors.

Why shouldn't we have the best paper we have the best paper and as good citizens can be read anywhere.

One of the best things to judge a community or a county by is its newspaper and the amount of advertising that newspaper carries.

The merchants will not advertise in a paper that has not a large circulation, and when a paper has a large circulation it is a mighty good sign that the paper is all right.

This week's Jeffersonian is teeming full of news and advertisements—which is the best evidence that we can possibly have that we have a prosperous city, a prosperous county, and a prosperous newspaper.

The merchants and citizens of Jefferson County have our unbounded gratitude for making it possible for us to give them a high-class county newspaper.

OFFICERS

Of Bank Of Middletown Named—T. C. Gaines, Of Pewee Valley, Cashier.

At a recent meeting of the stockholders of the bank now under construction at Middletown, the following officers were elected: Dr. S. O. Witherbee, president; John S. Wood, first vice-president; James W. Utton, second vice-president; T. C. Gaines, cashier; Directors: Henry Frank, John C. Russell, L. B. Wetherby, R. K. Pennebaker, and the above named officers.

Work on the bank building is progressing nicely and it will probably open by January, 1910. A bank has long been needed in that thriving community and Middletown Bank will doubtless do well. The people in the vicinity are beginning to get a hustle on themselves, and after the new electric line from Louisville to Shelbyville, which runs through the town, is completed great things are expected.

TWO MILLION

Dollar Life Insurance Company Organized For Kentucky—Will Keep Millions At Home.

At a meeting of the stockholders of the Citizens National Life Insurance Company yesterday in Louisville officers and directors were elected. It is said that the company has sold stock amounting to two million dollars. Up to November 10th this amount was subscribed with the exception of only \$18,000.

Heretofore fifty million dollars has been carried away to the East and West that should have been left at home. This is said that the company to keep billions of dollars in our state. If the people of Kentucky had organized a big life insurance company thirty or forty years ago, and had been able to control the business of life insurance in the South and draw that money out of the Southern states, as the Northern and Eastern companies have done, this state would have received more than a billion dollars, and of this amount there would still remain in the state approximately four hundred million dollars.

With the organization of the Citizens National Life Insurance Company comes an opportunity to the people of the South to put a stop to this de-capitalizing drain on the South's resources, and the best part of this matter is the fact that this company is to locate in Jefferson County. It is said that they will locate their office building outside the city of Louisville, which would mean a big thing for the community so far as revenue to receive this honor.

Those interested have been looking around for the most suitable location and it is thought that all arrangements will be made at an early date.

REJOICE

With Them That Rejoice, Etc., Writes M. F. J.

A Very Interesting Letter From One Of Our Best Correspondents—All the News at Fern Creek.

Fern Creek, Nov. 15.—The election is over. Let us all be thankful. Let us "Rejoice with them that do rejoice and weep with those who weep."

Thanksgiving day is near at hand. To some it will mean only a holiday, bringing with it license for unlimited revelry. Others in their greed for filthy lucre will have no time to give to thanksgiving. But now, really, has not God been good enough to us as a nation, our Commonwealth, our families and ourselves to warrant us in observing one day in special and grateful remembrance of God's goodness and mercies to which has been willed, on Sunday evening addressed a large meeting of men at Beulah church. There will be services at this church every night, led by laymen preparatory for a protracted meeting in the near future.

A very large acreage is being planned to seed onions in this community. Mr. Harry Cartwright has sold his farm.

The friends here have Uncle Steve Beard, of Fisherville, hope to hear of his serious affliction and regret that he may recover and be spared very many years.

Wonder who will superintend the poor house? The game of see-saw seems popular in these days—one goes up and another comes down. We even hear of men wanting to be road supervisors, and who knows but what we may have one of these.

Well, to the victor belongs the spoils," at least that was the slogan two years ago.

Union Sunday-School Closed.

The Union Sunday-school, which was organized at the school-house at Rott March 27, met for the last time Sunday, November 14, with an attendance of thirty-eight. The superintendent, Benmus Shake, made a close closing address in which he thanked and commended the people for their faithful attendance. After the closing exercises the school was bountifully treated to oranges, bananas and candy, and from the abundance which was left the sick and aged ones in the community were remembered with packages of good things which were sent to them.

Entered as second-class matter June 15, 1902,
at the postoffice at Jeffersontown, Kentucky,
under the Act of Congress of March 3, 1879.

THURSDAY, NOVEMBER 18, 1909.

There are already indications that the Jeffersontown Commercial Club will accomplish great good for the town.

This November crop report of the Agricultural Department at Washington shows that the total production of corn in Kentucky was 108,472,000 bushels, as compared with 84,223,000 bushels in 1908. The yield per acre is 29 bushels as against 25.2 bushels last year. The quality of the Kentucky corn is 88 compared to 84 in 1908. It looks like prosperity is again coming our way.

REPORTS from a majority of counties indicate that the good roads constitutional amendment was defeated. This is due to a heavy adverse vote in the west and southwest portions of the state. The measure known as the Wyatt-Bosworth amendment provided that any county could issue bonds to cover cost of improvements, not exceeding five per cent of the taxable property of that county, provided the voters so decided at a special election. The provision allowing an extra tax of twenty cents on the \$100 is thought to have proved the stumbling block. What a shame upon the fair name of Kentucky that her people are afraid of a little tax that would mean so much to them! It's the same way when it comes to improving our schools—it's all right if it does not cost anything.

The thing you've got to buy anyhow will be bought to best advantage—so look at the ads.

SINCE we are constantly hearing so much about the pure food law we think it time some of our world-famed promoters were trying to stop the publication of trashy literature, which is destined to poison the young mind. If the taking of impure food into the stomach is detrimental to the human race, cannot the same thing be said of the reading of impure books? The young mind is ever ready to grasp and retain what it reads and ponders over; then in the name of good reason should not good, wholesome literature be supplied and all other rubbish be cast aside? One of the most atrocious crimes in the history of our times has been committed by a mere boy, a student of the wild dare-devil stories that are so very easy to secure for a few pennies. Does not every lover of good citizenship agree with us when we say stop the publication of all literature that has a tendency to degrade rather than uplift our future men and women?

We are enthusiastic over "STAR BRAND" SHOES. Your first pair will make you enthusiastic, too. We have but ONE PRICE and give every one an honest deal. Make our store your headquarters. SHOES FOR THE WHOLE FAMILY.

Made of Solid Leather--Correctly Put Together

We are selling positively the best shoes on earth. If we could find better shoes than "STAR BRANDS," made by Roberts, Johnson & Sand Shoe Co., of St. Louis, we would buy and sell them to you, but it has been proven to us beyond a shadow of a doubt that "STAR BRAND SHOES ARE BETTER," and we will sell you nothing else. If you had a chance to go through either of the eleven big "STAR BRAND" specialty factories, where a mass of high-class, well-paid shoe experts make just one line of shoes, and where you saw every detail of the making of "STAR BRAND" Shoes, and saw that they were made of good leather, and nothing but leather, you would be pretty nearly convinced, wouldn't you, that "STAR BRAND" Shoes are the kind for you to wear. We would be glad to have you call and give "STAR BRAND" Shoes a thorough look, and nothing would please us better than to give you a personal showing, as we know that we have the best make of shoes in the world, and that we can save you money on your shoe bills by selling you shoes that have solid leather inside and outside soles, counters and heels, shoes that are honestly made in every way, and as for comfort, if you have been accustomed to wearing ill fitting shoes you know the result better than we can explain, but in "STAR BRAND" Shoes you will find comfort from the first time you wear them—plenty of style and more service than you have ever had in a pair of shoes.

GREETINGS

From Irvington—Mrs. L. K. May Writes
Letter From New Charge of Bro. May
—Splendid Little Place.

Irvington Ky., Nov. 8.—KIND
EDITOR:—We wish to extend to you
and our many friends in Jefferson-
town and community, Greetings from
Irvington.

We are comfortably housed at the
Methodist parsonage and have re-
ceived a hearty welcome by all. I
have attended services at each of
our churches in which we are to
labor for our Lord and Master, and I
must say we are very much pleased
with the people, the church buildings
and everything.

We have a bright hope for the
future. We trust the Lord will use
us in this part of his vineyard to the
good of many souls.

On the 29th ult we received a
severe "pounding" and I dare say we
all feel better and also even look
better than we did before the pound-
ing came.

We have here a splendid little
town. But it, too, like Jeffersontown,
should wake up on a number of
questions, some of which I might
mention: Side walks, schools, and
many others. The people are in-
telligent and prosperous, and are
awake to their needs and me thinks
ere long they will have all the need-
ed improvements.

I have made this quite long enough,
but do let me add this before I close:
We enjoyed The Jeffersonian very
much while we lived in your town and
county, but we still appreciate it
more even now.

Here is wishing you, Bro. Editor, a
greater success with your little
paper this year than you have ever
yet known, and may God's blessings
attend you all.

Mrs. L. K. May.

Smooth Agent.

State Superintendent J. G. Crabbe
has received information from school
officials of Smithfield that a book
agent recently paid their community
a visit and, introducing himself as
Mr. Crabbe, prevailed upon certain
teachers of the county to purchase a
set of books which he was recom-
mending and offering for sale.

At the time of the agent's visit the
State Superintendent was out of Ken-
tucky, traveling in the Northwest
with a party of Southern Educators,
and the fact that he was away was
noted in the daily newspapers of the
State. It has not been learned here
whether any other county educators
were induced to make purchases of
books, but the State Superintendent
has taken the matter up and will try
to locate the man who is posing as
that official. He has requested that
the press of the State generally pub-
lish the fact that he is not represent-
ing any publishing house, nor recom-
mending any set of books to the
teachers in this way, and that anyone
representing himself as the State
Superintendent and engaged in this
work is a fraud.

FROGTOWN.

New Mayor Is Elected and "O. K." Says
Many Things Are To Take Place Now
—Mixed About The Streets.

Frogtown, Nov. 9.—O. K. has at
last "woke" up. And look out for
him.

I wonder how the O'possums are
over on O'possum's Run. One thing
we are certainly glad of and this is
Mr. Harrison Rush was elected by
over 1,000 majority for mayor of
Frogtown, his opponent being Mr.
W. H. Robinson. Mr. Robinson has
held this office for several years.
We understand that, at last, Frog-
town is to be piked from one end to
the other, or I mean we are to have
all new streets. Excuse the writer
for saying pikes, for the people of
Frogtown would feel very much
offended for calling those pikes
streets. Mr. Geo. Hughes said be-
fore Mr. H. Rush was elected that it
must be understood that the people
of Frogtown could not have over
two "Razor Socials" a year. Miss
O. Z. is to be stenographer for the
mayor of Frogtown, and take her
position Nov. 15th. She is the only
Republican holding a position in
Frogtown. There is a certain lady
living in the center of the city—or
we will come straight out and say
she lives on a crawfish farm—who
has been canvassing the community.
We hope she is through by this time.
One thing we are certainly sorry for
—we have lost the great business
factory known as the Chair and
Basket Factory, but since we are to
have a new mayor we are to have
all new pikes—I mean new streets.
Excuse the writer for making so
many mistakes; if I say pikes or
roads any more, I mean street's.

Oh, yes, I forgot! I wonder what
has become of I. E. He seemed to
take such a leading part here some
time ago. I guess since he has got-
ten up in the world a little and is
general foreman for one of the
largest contractors in the city of
Louisville he thinks himself too good
to write any more.

We will close this time, hoping to
hear from I. Z. or I. E. real soon.

O. K.

The readers of this paper will be
pleased to learn that there is at least
one dreaded disease that science has
been able to cure in all its stages,
and that is catarrh. Hall's Catarrh
Cure is the only positive cure now
known to the medical fraternity. Cat-
arrh being a constitutional disease,
requires a constitutional treatment.
Hall's Catarrh Cure is taken internal-
ly, acting directly upon the blood and
mucous surfaces of the system, there-
by destroying the foundation of the
disease, and giving the patient
strength by building up the constitu-
tion and assisting nature in doing its
work. The proprietors have so much
faith in its curative powers that they
offer One Hundred Dollars for any
case that it fails to cure. Send for
